

# Certificate of Compliance

**Certificate Number(s):**

UL-US-2591672-0

**Report Reference:**

E365703-20251112

**Issue Date:**

2025-11-14

Issued to:

**TRIDONIC GmbH & Co KG  
Faerbergasse 15, Dornbirn, 6851, AT**

This certificate confirms that representative samples of:

**OOQA2 - Light-emitting-diode Arrays - Component**

**See Addendum Page for Product Designation(s).**

Have been evaluated by UL in accordance with the component requirements in the Standard(s) indicated on this Certificate. UL Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for installation in complete equipment submitted for investigation to UL LLC.

**UL 8750, Edition 2, Issue Date 2015-09-15, Revision Date 2024-08-01**

Additional Information:

See UL Product iQ® at <https://iq.ulprospector.com> for additional information.

This Certificate of Compliance indicates that representative samples of the product described in the certification report have met the requirements for UL certification. It does not provide authorization to apply the UL Recognized Component Mark. Only the Authorization Page that references the Follow-Up Services Procedure for ongoing surveillance provides authorization to apply the UL Mark.

Only those products bearing the UL Recognized Component Mark should be considered as being UL Certified and covered under UL's Follow-Up Services.

Look for the UL Recognized Component Mark on the product.

David Piecuch  
UL Mark Certification Program Manager

Any information and documentation involving UL Mark services are provided on behalf of UL LLC (UL) or any authorized licensee of UL. For questions, please contact UL Solutions Customer Service at <https://www.ul.com/contact-us>.

# CERTIFICATE OF COMPLIANCE

**Certificate number(s):** UL-US-2591672-0  
**Report reference:** E365703-20251112  
**Issue Date:** 2025-11-14

This is to certify that representative samples of the product as specified on this certificate were tested according to the current UL requirements.

## LED Arrays, Modules, and Controllers

**Model(s):** LLE FLEX CC 14x140RAA BBBB CCC DD EXC *Where:*  
*LLE FLEX CC Designates product family – Linear Light Engine Flexible Constant Current*

*14*                    *alphanumeric characters, represent the width of the product*

*140*                  *alphanumeric characters, represent the cut option length*

*R*                     *represents the total length of the product per Reel*

*AA*                  *(alphanumeric characters, represent the product length per reel (from 5m to 50m).  
Can be one or two digits*

*BBBB*                *alphanumeric characters, represent the light flux of the product per ft.*

*CCC*                 *alphanumeric characters, represent the color rendering index and correlated color temperature.*

*DD*                  *alphanumeric character combination, representing the number of connectors per ft. (0T, 2T or 4T).*

*EXC*                 *Represents the layer of the product*
